LETTER FROM THE CHAIR

It is with great pleasure that I write my first official letter as worldwide chair of BKR.

I would like to take this opportunity to thank our outgoing chair, **Howard Rosen** (Phoenix), for all of his hard work, dedication, and leadership on both the Worldwide and

Americas Boards. During his tenure, our membership in China and India increased significantly, as did BKR's name recognition around the world.

This truly shows the importance of BKR membership to firms in both developed and developing countries, allowing us to compete for cross-border work and serve our clients virtually anywhere in the world!

I look forward to working with BKR's Worldwide and regional boards, and most importantly, with you, our members, in continuing to strengthen BKR and ensure its success for many years to come.

As my first order of business, I would like to formally welcome **Rotz & Stonesifer, PC** (Chambersburg, Pennsylvania) and **Power Tynan** (Toowoomba, Queensland, Australia) into membership. See page 5 for more detailed information about each firm. I know you will all have an opportunity to introduce yourselves and get to know our new members at one of BKR's many upcoming meetings.

Speaking of meetings, I have just returned from BKR's banner event of the year – our 2016 Annual Worldwide Meeting, held in Santiago, Chile. This year's program proved to be a wonderful combination of business and pleasure. There were a variety of sessions covering all areas of practice, as well as the economies throughout Latin America and their growing influence on the rest of the world. Other highlights included new trends in building firm culture, how young leaders embrace change, and how the latest digital trends and IT security issues are impacting our firms and our clients' businesses.

**SPECIAL
MEETING
EDITION!**

But, it wasn't all hard work. We had ample time to discover the rich culture and history of Santiago, and of course we visited Chile's renowned wineries and enjoyed its wonderful cuisine! Some of our members took advantage of BKR's pre- and post-tour excursions to Peru, Ecuador, and Argentina. Be sure to look at the photos on pages 2-3, as well as on www.bkr.com.

I would like to extend my sincere gratitude to our host firm, **Ossadón Auditores Consultores**, whose offices in Viña del Mar I had the great pleasure of visiting with **Maureen Schwartz** and **Belinda Rivera** from BKR's Executive Office.

For those of you who were not able to attend the Annual Worldwide Meeting, I sincerely hope you will consider attending the upcoming meetings in your region, including the Tax Conference in EMEA, the Managing Partner Roundtables in Orlando, and certainly your 2017 regional meetings. The joint Asia-Pacific and EMEA Regional Meeting will take place at the Mandarin Orchard Hotel in Singapore from May 5-8, and the Americas Regional Meeting will be held at the Brown Hotel in Louisville, Kentucky, from June 3-6. The EMEA Region also holds a series of subregional meetings and "1 to 1 visits" each year, which provide a wonderful opportunity for members to visit other BKR firms to share knowledge and client experiences. See page 12 for BKR's complete meeting schedule.

It is very important that you attend either your Regional or Worldwide Meeting each year so that you can strengthen your relationships with other members in BKR, which will in turn increase your business opportunities. Members refer work to people they know and trust, and this can only happen face-to-face. All members are strongly encouraged to participate as much as possible. It is truly one of the best

MEMBER PROFILE:

POWER TYNAN

(TOOWOOMBA, QUEENSLAND, AUSTRALIA)

At **Power Tynan**, we provide personalised financial advice, building on a trusted relationship with our clients.

We deliver proactive, innovative, and sustainable solutions to support our clients in achieving their financial goals.

Our services include:

- Taxation and Business Advisory
- Investment Advice
- Leasing and Finance
- Superannuation Advice
- Consulting and Facilitation, including Bookkeeping and Board Positions
- Property Investment Opportunities (Residential & Commercial)

Regardless of what area you may need assistance with, we have the people and the skills to find the right answers. Our specialist teams work together to develop solutions for individuals, as well as local, national, and international businesses.

Like so many businesses we help today, Power Tynan began as an individual with a vision. Peter Power opened a small office in the granite belt town of Stanthorpe in the late 1960s. He was soon joined by Peter Tynan and, with skill and perspiration, they grew and expanded their practice.

Today, Power Tynan is one of the largest and most dynamic financial advisory firms in regional southeast Queensland. Our Toowoomba headquarters opened as a branch office with a single staff member in 1992. Now, across all offices, more than 50 people come to work here every day.

Today, our capabilities and our reach have expanded so that, from our offices in Toowoomba, Stanthorpe, and Roma, we are able to support you no matter where you are in the world.

Here at Power Tynan, we feel it is our duty to give back to the community, not only from a professional viewpoint but also on a charitable basis. To achieve this, Power Tynan implemented both the Power Tynan Scholarship Program (2007) and the Power Tynan Charitable Trust (2010).

Each year, the Power Tynan Scholarship Program provides an opportunity for Year 12 school-leavers to study part time at the University of Southern Queensland while working full-time with Power Tynan. We pay the successful individual's university fees for all successfully completed subjects, and the scholarship recipients are in the enviable position to be able to apply their knowledge practically and receive valuable on-the-job mentoring and

training.

Since its inception, we have employed more than 20 staff via the Power Tynan Scholarship Program, and it is now the largest dollar value scholarship offered through University of Southern Queensland (USQ). Our staff retention and age ratio is a testament to the program's success, with our average length of employment being nine years, and 50% of our staff are under the age of 30.

Since its inception in July 2010, the Power Tynan Charitable Trust has donated more than \$147,000 to charities within our region, and gives us the ability to support causes close to our hearts, as well as organisations who may not otherwise receive funding to assist with the implementation of programs within our region.

At Power Tynan, our team and culture is everything, where colleagues are more like family than co-workers. Our culture is second to none, and there is a real willingness to support, encourage, and have a laugh together. This is supported by initiatives, such as our health and well-being program, flexible work hours, working from home policy, and social club.

We are a young, active, vibrant team that can respond to our clients' needs, and we are not afraid to try something new. We as a firm

encourage our team to embrace technology and share ideas, constantly looking for ways to improve what we do and how we do it. Of the six executive directors, four are under the age of 40 (the youngest being 30 years old), with a collective experience of 94 years working within Power Tynan.
